A. Introduction

1. To meet the G20 commitments to reform OTC derivatives markets, the HKMA and the SFC have implemented a regulatory regime for OTC derivatives in Hong Kong. The regime provides for, among other things, the introduction of reporting, clearing, trading and record keeping obligations in respect of OTC derivative transactions.
2. To date, we have implemented two phases of mandatory reporting and one phase of mandatory clearing (**Phase 1 Clearing**). Phase 1 Clearing took effect on 1 September 2016 to capture specified standardised interest rate swaps (**IRS**) between major dealers if certain conditions under the Clearing Rules³ are met.
3. Major dealers with a presence in Hong Kong are usually Authorized Institution (**AIs**) or Licensed Corporations (**LCs**). They therefore fall under the scope of prescribed persons in the Clearing Rules. In order to capture transactions between prescribed persons and major dealers outside of Hong Kong which are not AIs or LCs, the concept of a Financial Service Provider (**FSP**) was introduced.
4. Under the Clearing Rules, the SFC may, with the consent of the HKMA and by notice published in the Gazette, designate any person (whether incorporated in Hong Kong or outside Hong Kong) as an FSP if the SFC is satisfied that it is likely that the person is actively engaged in OTC derivative activities outside Hong Kong. The first list of FSPs was gazetted in August 2016 and came into effect on 1 September 2016.

B. Annual update to the List of Financial Services Providers under the Clearing Rules

Scope of an FSP

5. The two criteria to determine whether an entity comes within the scope of an FSP are:
 - (a) it belongs to a group of companies appearing on the list of global systemically important banks (**GSIBs**) published by the Financial Stability Board, or on the list of dealer groups which undertook to the OTC Derivatives Supervisors Group to work collaboratively with central counterparties, infrastructure providers and global supervisors to continue to make structural improvements to the global OTC derivatives markets (**G15-dealers**); and
 - (b) it is a member of the largest central counterparties (**CCPs**) offering clearing for interest rate swaps in the US, Europe, Japan and Hong Kong (**IRS CCPs**).

³ The Securities and Futures (OTC Derivative Transactions – Clearing and Record Keeping Obligations and Designation of Central Counterparties) Rules.

6. To ensure that the list of FSPs (**FSP List**) remains relevant and appropriate, we have conducted an annual review of the FSP List following a consultation in 2018⁴. The policy adopted in the 2018 consultation was that we will take a snapshot of the entities falling within the FSP criteria in paragraph 5 above at the end of each calendar year, identify any changes and consult the market on any proposed amendments to the FSP List in the following year. This consultation reflects the result of the latest snapshot on 31 December 2020 and proposes an updated FSP List to take effect on 1 January 2022.

Proposed changes to the FSP List based on the current review

7. Since our last review, TD Global Finance Unlimited Company, which is a group member of a GSIB, has become a clearing member of an IRS CCP member. We thus propose to include it in the revised FSP List.
8. In respect of GSIB or G15-dealers member entities which are no longer clearing members of IRS CCPs, our approach has been to keep them on the FSP List, unless there is no longer any entity within the group which is a clearing member of an IRS CCP.
9. CACEIS Bank SA, a group member of a GSIB (Groupe Crédit Agricole), is no longer a clearing member of an IRS CCP. However, other entities within its group continue to be clearing members of IRS CCPs. Unless we receive a submission that there is a permanent change in its business models so that it no longer conducts OTC derivative transactions, we propose to keep CACEIS Bank SA on the revised FSP List in accordance with our stated approach.
10. DB Privat- und Firmenkundenbank AG (DBPF), a current FSP, merged in May 2020 into another group entity, which is also a current FSP. It is thus proposed to revoke the FSP designation of DBPF and remove it from the FSP List. In addition, updates are proposed to reflect changes to the names of some FSPs since the last review.
11. The proposed revised FSP List, consolidating all the proposed changes as explained above, is set out in the [Annex](#). The proposed changes are also highlighted for ease of reference. We welcome any comments or concerns about any of the entities included in the proposed revised FSP List.

Question: Do you have any comments or concerns about our proposed revised FSP List? If you do, please provide specific details.

⁴ See the *Joint consultation paper on enhancements to the OTC derivatives regime for Hong Kong to– (1) mandate the use of Legal Entity Identifiers for the reporting obligation, (2) expand the clearing obligation and (3) adopt a trading determination process for introducing a platform trading obligation* issued in March 2018 and the consultation conclusions paper published in June 2018.

C. Timing for submission of comments

12. The proposed update to the FSP List is formed in accordance with the established policy and process communicated to market participants. As with previous annual updates, we believe market participants are familiar with the policy and process involved in the annual update and they will have anticipated the substance of our proposals. In view of the above, we propose to allow around one month for the submission of comments on this consultation. Comments should reach the HKMA or the SFC by no later than 14 May 2021.

D. Way forward

13. As stated in our 2018 consultation, we will align the effective date of the revised FSP List to the prescribed day⁵ of the calculation period⁶ nearest to when the consultation conclusions paper is published. We intend to publish the conclusion paper for this consultation in June 2021. This means the nearest calculation period will be 1 March 2021 to 31 May 2021. Accordingly, the effective date of the revised FSP List will fall on 1 January 2022, which is the prescribed day for the calculation period of 1 March 2021 to 31 May 2021.

⁵ The prescribed day in relation to a calculation period is the day which is seven months after the end of the calculation period.

⁶ The calculation period is the period in which a person's applicable position in OTC derivatives is calculated to determine whether it has reached the clearing threshold. The applicable clearing threshold for each calculation period is set out in Schedule 2 to the Clearing Rules.
